Life's more fun (and delicious) with an extra drizzle of flavor. That's why you need Smucker's Drizzle Caramel Flavored Syrup. Make it your go-to coffee syrup, and swirl it into your favorite hot and cold coffee drinks. Or drizzle it over other coffee toppings, like whipped cream or cold foam, as an irresistibly rich and smooth finishing touch. Of course, we haven't forgotten about the sweet stuff, either. A classic among dessert toppings, this caramel flavored syrup can take your next brownie, ice cream sundae or slice of cheesecake to the next level. Add it on its own or create your own combo of sprinkles, chopped nuts or other ice cream toppings. It's also great for cocktail recipes, or topping off pancakes and waffles. The possibilities are just about endless — so, have fun trying them all.
